APPLICATION FOR ISSUE, RE-ISSUE OR RENEWAL OF PILOT LICENCES AND/OR RATINGS

1.0 PURPOSE

The Advisory Circular is issued to provide guidance, information and procedures required to be followed in applying for issue, re-issue, renewal of licences and ratings for pilots under the Civil Aviation (Personnel Licensing) Regulations 2022.

2.0 REFERENCES

- 2.1 Regulations 4, 5, and Parts V and VI of the Civil Aviation (Personnel Licensing) Regulations 2022

3.0 GUIDANCE AND PROCEDURES

3.1 General Information

- 3.1.1 No person may act as a crew member of an aircraft registered in Uganda, unless he is a holder of a valid prescribed licence and rating issued in accordance with the Civil Aviation (Personnel Licensing) Regulations 2022.
- 3.1.2 The types of Licences issued are detailed in Regulation 4 of the Civil Aviation (Personnel Licensing) Regulations 2022.
- 3.1.3 The Ratings, Category ratings, Class ratings and aircraft type ratings are issued as prescribed in Regulation 5 of the Civil Aviation (Personnel Licensing) Regulations 2022.
- 3.1.4 Nothing in this Advisory Circular is intended to conflict with the Civil Aviation Regulations or other legislation, which in case of doubt, must be regarded as over-riding.
- 3.1.5 The prescribed application forms, Forms for assessment of the qualifying flying experience for a licence, or rating may be obtained from the Authority's Personnel Licensing (PEL) Office.
- 3.1.6 The requirements for grant of a licence or rating are to be fulfilled before the application is made, and the prospective applicant should ensure that the results of an examination or test will be valid by the date all the other requirements are met before the application for the licence or rating is made. The

knowledge test should be passed before the practical (skill) test is conducted as provided in Regulation 37 of the Civil Aviation (Personnel Licensing) Regulations 2022.

3.1.7 When all the requirements have been met, the applicant should complete the appropriate prescribed application form and submit it to the Personnel Licensing (PEL) Office with the required supporting documents.

3.1.8 Licenses are issued after an applicant has completed the approved training, and passed the required knowledge examinations and practical (skill) tests.

3.1.9 All the knowledge examinations and the practical (skill) tests are booked with the PEL Office, the office which will allocate the practical (skill) test flight examiner.

3.1.10 All applications for issue of licences must be accompanied by two copies of recent full face photographs.

3.1.11 Where an applicant has failed a knowledge test, he may appeal to the Authority, if he wishes to contest the failed result, by presenting the appeal case in writing to the Authority within 14 days from the date of the test result.

3.2 Medical Requirements

3.2.1 Pilot licences and ratings will not be issued unless the applicant holds a valid medical certificate in the appropriate class, issued by the Authority designated Medical Examiner. Prospective applicants for pilot licences and ratings are therefore strongly advised to ensure that they meet the medical requirements before committing themselves to any substantial expense in satisfying the other licensing requirements.

3.2.2 Arrangements for the medical examination are made by the applicant direct to any Authority's designated Medical Examiner, names of which could be obtained from the current relevant Aeronautical Information Circular (AIC) on Medical Examiners or from the PEL office. The cost of medical examination shall be borne by the applicant.

3.2.3 On satisfactory completion of the medical examination the applicant will be issued with the applicable medical certificate, a copy of which should be attached to the application form for the licence or rating sought.

3.2.4 An applicant for renewal of a pilot licence whose medical examination is conducted within 45 days before the licence current expiry date will use the licence expiry date as the start date of the new validity period. Applicants whose medical examinations are not conducted within 45 days of the licence expiry date will use the date of the medical examination as the start date of the new validity period.

3.3 Submission of the Application Form

3.3.1 Before submitting the application form the applicant should ensure that;

- a) S/He is medically fit for the licence or rating sought,
- (b) S/He meets eligibility requirements of the licence or rating applied for concerning:
 - (i) Age;
 - (ii) The English language in accordance with the language proficiency requirements prescribed in Regulation 25 of the Civil Aviation (Personnel Licensing) Regulations 2022;
 - (iii) The (approved or required) training on the aeronautical knowledge areas listed in the relevant regulations for which a licence or rating is sought;
 - (iv) The (approved or required) flight training;
 - (v) Pass the required knowledge test on the aeronautical knowledge areas listed in the relevant regulations for which a licence or rating is sought (where applicable);
 - (vi) Pass the required practical test on the areas of operation listed in the relevant Civil Aviation (Personnel Licensing) Regulation 2022 for which a licence or rating is sought (where applicable);
 - (vii) The prescribed knowledge and practical tests are completed and passed within the prescribed period;
 - (viii) The prescribed application form is duly completed, signed and dated; and
 - (ix) All the required certifications have been acquired and the supporting documents are all attached.

3.4 Evaluation of the Application Form

3.4.1 This is done to ensure that the correct prescribed forms for applying for the licence, certificate or rating are completed. An applicant is required to check and read through the form and ensure that it is properly done before submitting it to the PEL Office. For all licences and for all aircraft type rating endorsements a certified personal logbook or an acceptable flying record **MUST** be availed to the licensing officer on the submission of the application form.

3.4.2 The requirements for re-issue of the licence are similar to requirements for issue except when the applicant cannot present the original copy of the licence, in which case a police letter is an additional requirement.

3.5 Discrepancies or Ineligibility

3.5.1 If a discrepancy that cannot be immediately corrected exists in any of the documents, the application form and all submitted documents will be returned to the applicant and should not be re-submitted until the discrepancy has been rectified/corrected

3.5.2 When all the conditions listed above have been met, and have been satisfactorily certified by the Authority's Licensing Office, the applicant will be advised to pay the prescribed fees after which the licence is issued or renewed.

3.6 Validity of the Examinations Results

All the knowledge and the practical test results have expiry dates as prescribed under regulation 36 and 38 of the Civil Aviation (Personnel Licensing) Regulations 2022 respectively.

3.7 Collection of the completed Licence.

Unless otherwise requested by the applicant, completed licences are not released by mail, but are collected from the PEL Office, by the applicant or a person authorized by the applicant to do so. The person collecting the licence from the PEL office, whether it is the applicant or an authorized agent, MUST sign for the collection by giving their full names, date, and append their official signature on the record of the licence retained by the office.

4.0 APPLICATION FOR ISSUE, RENEWAL OR RE-ISSUE OF A STUDENT PLOT LICENCE (SPL)

4.1 An SPL is issued in compliance with the Civil Aviation (Personnel Licensing) Regulations 2022.

7.0 INCLUSION OF AN AIRCRAFT TYPE RATING ON A PRIVATE AND ON A PROFESSIONAL PILOT LICENCE.

7.1 General Information

7.1.1 A holder of a PPL, CPL or ATPL issued by the Authority may be issued an aircraft type rating in accordance with regulations 49 and 121 of the Civil Aviation (Personnel Licensing) Regulation 2022 as applicable

7.1.2 A CPL or ATPL is not issued unless it is endorsed with an aircraft type rating either as pilot in command or co-pilot of the aircraft ratings as applicable.

7.1.3 An ATPL will not be issued unless the applicant has qualified for inclusion of at least one multi-engine aeroplane type required to be operated with a co-pilot in the Aircraft Rating of the licence as pilot in command.

7.1.4 For CPL – an applicant will have endorsements as pilot in command (PIC) in his licence only the aeroplane types with a maximum certificated take-off mass of 5,700 kg or less. Any aeroplane type over 5700 Kg will be endorsed as co-pilot

7.1.5 For ATPL – an applicant will have endorsements as pilot in command or co-pilot on any aircraft type he qualifies to operate as either PIC or Co-pilot despite its weight.

7.1.6 A licence will only be endorsed with a rating of the type of aircraft that is on the Civil Aircraft Register.

7.1.7 An applicant is required to fly each type of aircraft endorsed on the Licence as pilot in command or co-pilot within a period of twelve months to maintain the rating currency, outside of which the pilot is considered not current on type.

7.1.8 To regain the currency of a type rating a pilot is required to complete a full type rating flight check-out with a CAA authorised check-out pilot, covering both day and night sections, after a recurrency training on type. No type Rating (T.T.R) knowledge test is required for recurrency on the type.

7.1.9 On renewal or re-issue of a licence, a type rating that an applicant is not current on, shall be removed from the licence until recurrency on type is established.

7.1.10 All the aircraft types of 2,300 kgs and above will require an applicant to have an instrument rating whether the endorsement is for PIC or Co-pilot.

7.1.11 For PPL Group `C` the endorsement, is for a specific type of aircraft and the procedures are the same as for PIC or Co-pilot on a professional licence.

NOTE: *There is no co-pilot endorsement on a PPL.*

7.2 Requirement for Type Endorsement

7.2.1 Pass the Technical Type Rating (T.T.R). examination on the specific type of aircraft;

7.2.2 Complete flight training on the same type of aircraft in preparation for the type rating flight check-out;

7.2.3 The type rating instructor must endorse the log book of the applicant by endorsing his name and licence number, indicating that the applicant has been instructed and is competent to operate the aircraft commercially;

7.2.4 Pass a flight check-out on the same aircraft type with the CAA authorised check-out pilot, who will certify completion of the check-out in the applicants log book, by signing and endorsing his name and licence number;

7.2.5 The T.T.R knowledge test and the flight check-out (practical) must be passed within the six months preceding the date of endorsement of the aircraft type on the licence;

7.2.6 The T.T.R tests results are valid for a period of six months.

7.2.7 Submit the valid original licence to be endorsed with the aircraft type rating.

7.3 When all the conditions listed above have been met, the applicant will be advised to pay the prescribed fees after which the aircraft type rating will be endorsed on the applicants licence.
